TC = technical component

**Description** – Procedure code short description. You must refer to the appropriate official CPT-4, HCPCS or CDT-4 coding manual for complete definitions in order to assure correct coding.

**Effective** – This is the first date of service for which the listed fee is applicable.

**Method** – Source of fee determination

**Fee Sched:** Medicaid fee; not determined using RBRVS payment schedule

All other sites of service receive the office rate. Procedures not normally done in the office are shown with the same facility rate, while those done in both locations have different rates. Bundled services, which are covered but paid as part of a related service, are shown with an RBRVS method and a fee of \$0.00.
